BOOK SYNOPSIS

Based on the African American Womens Voices Project, Shifting reveals that a large number of African American women feel pressure to com-promise their true selves as they navigate Americas racial and gender bigotry. Black women "shift" by altering the expectations they have for themselves or their outer appearance. They modify their speech. They shift "White" as they head to work in the morning and "Black" as they come back home each night. They shift inward, internalizing the searing pain of the negative stereotypes that they encounter daily. And sometimes they shift by fighting back. With deeply moving interviews, poignantly revealed on each page, Shifting is a much-needed, clear, and comprehensive portrait of the reality of African American womens lives today.
