BOOK SYNOPSIS

Brown's Regional Anesthesia Review features hundreds of review questions and answers covering all of the content found within the 5th edition of Brown's Atlas for Regional Anesthesia. Ideal for residents in training, regional anesthesia fellows, and practicing anesthesiologists alike, this companion resource was designed to be used in preparation for anesthesia exams or as a general review of the parent text. Includes 450 multiple-choice questions and two practice exams to help ensure you're fully prepared. Covers the use of ultrasound in guiding needle placement in regional anesthesia.
