## **BOOK SYNOPSIS**

Eli Monpress is clever, hes determined, and hes in way over his head. First rule of thievery: dont be a hero. When Eli broke the rules and saved the Council Kingdoms, he thought he knew the price, but resuming his place as the Shepherdesss favorite isnt as simple as bowing his head. Now that she has her darling back, Benehime is setting in motion a plan that could destroy everything she was created to protect, and even Elis charm might not be enough to stop her. But Eli Monpress always has a plan, and with disaster rapidly approaching, hes pulling in every favor he can think of to make it work, including the grudging help of the Spirit Courts new Rector, Miranda Lyonette. But with the world in panic, the demon stirring, and the Lord of Storms back on the hunt, its going to take more than luck and charm to pull Eli through this time. Hes going to have to break a few more rules and work with some old enemies if hes going to survive.
