## **BOOK SYNOPSIS**

Uniquely authoritative and wide-ranging in its scope, The Oxford Dictionary of the Christian Church is the indispensable one-volume reference work on all aspects of the Christian Church. It contains over 6,000 cross-referenced A-Z entries, and offers unrivalled coverage of all aspects of this vast and often complex subject, from theology; churches and denominations; patristic scholarship; and the bible; to the church calendar and its organisation; popes; archbishops; saints; and mystics. In this revision, innumerable small changes have been made to take into account shifts in scholarly opinion, recent developments, such as the Church of Englands new prayer book (Common Worship), RC canonisations, ecumenical advances and mergers and, where possible, statistics. Established since its first appearance in 1957 as an essential resource for ordinands, clergy and members of religious orders, The Oxford Dictionary of the Christian Church is an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader.

**THE OXFORD DICTIONARY OF THE CHRISTIAN CHURCH** - Are you looking for Ebook The Oxford Dictionary Of The Christian Church?
